

Martin County

A middle school student was referred during a mass screening. This student received an exam and glasses via the Donor Docs program. He proudly wore his glasses and comments on everything he can now see! He repeatedly thanks the school nurse. He is performing better in the classroom.

School nurse: Susan / sshelton@martin.k12.nc.us

Nash County

A student, age 8, 3rd grade was referred by her parent. Through Donor Docs she received an exam and new glasses.

Her parents were grateful as they had recently lost their health and vision insurance. She had a significant change in the prescription since her last pair of glasses. She is in class more, experiencing fewer headaches from eye strain.

School nurse: Beth / eljenkins@nrms.k12.nc.us

New Hanover County

A student was referred during a mass screening. Mom was concerned because child had just been seen by an eye doctor 5 months prior with passing results. When child returned to the eye doctor she was diagnosed with bilateral cataracts, very uncommon for a child. She was referred to Duke and surgery was performed with great results. She has no further eye problems.

School nurse: Martha / mnarayan@nhcgov.com

Northampton County

A student, age 15, grade 10 was referred by his teacher. He received an exam and glasses with Medicaid. The teacher commented that he misses less time out of class since he has had his vision corrected.

School nurse: Tara / medlint@northampton.k12.nc.us

Pitt County

A K student, 5 years old was referred by her teacher. The nurse convinced the parents to take child to an eye doctor. Glasses were ordered and the teacher has noticed academic improvement.

School nurse: Teri / tmooney@vidanthealth.com

Stokes County

A student in 7th grade, 13 years old was referred by a HOSA student during a mass screening. He received an exam and glasses through a VSP voucher. Parents were appreciative since they do not have insurance.

School nurse: Karen / Karen.bean@stokes.k12.nc.us

Surry County

A second grade student, 8 years old was referred by his teacher. The student received glasses. For distance his aquity was 20/80 and 20/50 for near. With glasses, he is 20/20 for distance and near.

School nurse: Patricia / stallardp@elkin.k12.nc.us

2017-2018 Edition

Resources for Follow-Up Eye Treatment

This resource guide has been developed in order to provide information to individuals, health departments, social workers and school nurses regarding resources available to assist in securing eye care for those in financial need throughout our state.

Prevent Blindness North Carolina is a non-profit voluntary health agency dedicated to preventing blindness, preserving and restoring sight and promoting good vision for all.

4011 WestChase Blvd., Suite 225
Raleigh, NC 27607-3978

nc.preventblindness.org

Medicaid (Health Check)

- Income: Up to 185% of Poverty Level
 - Covers: Exams, glasses and other medically necessary services
 - Ages: All Health Check (0-5 years)
 - Eligibility: NC resident, US citizen or qualified immigrant
 - Information: Care Line 800.662.7030
EDS 800.688.6696
www.ncdhhs.gov/assistance
Click: Medicaid
-
- Applications can be requested by phone but must be filed with the Department of Social Services in the county of residence.
 - Medicaid is funded by the federal government and the state of North Carolina. It provides free health insurance to children whose families cannot pay for private insurance.

Medicare

- Income Level: All
 - Ages: 65 and Older
 - Information: Care Line 800.633.4227
www.medicare.gov
-
- Medicare does not cover routine eye exams.
 - Annual eye exams are covered for diabetic retinopathy.
 - Individuals with diabetes, family history of glaucoma, African-Americans over 50, or Hispanics over 65, are eligible for an annual glaucoma screening.
 - Cataract surgery is covered at 80% of the Medicare-approved amount after yearly deductible. Patients who have had cataract surgery with intraocular lens may receive assistance in paying for cataract glasses, contact lenses or intraocular lenses based on medical necessity.

Craven County

A student, age 7 in first grade was screened by the school nurse. Child received glasses via Medicaid. The teacher said he is a completely different child and now smiles!
School nurse: Alicia / Alicia.corey@cravenk12.org

Cumberland County

A student, age 11 in 5th grade was referred after a mass screening. The child received an exam and glasses. The child was not wearing her glasses! The school nurse got involved and had the student's glasses adjusted. The nurse spotted this student now wearing her glasses and wearing a big smile!
School nurse: Michelle / michellethompson@ccs.k12.nc.us

Davie County

A student, age 7, first grade, was referred during a mass screening. The child received an eye exam and glasses with a VSP voucher. The parents were appreciative of receiving guidance and assistance with vision care. The teacher has noticed a great improvement socially and academically since this child has been wearing glasses!
School nurse: Kathy / bokenok@davie.k12.nc.us

Halifax County

A student, age 11, grade 6 was a teacher referral for broken eye glasses. The child received new glasses with the help of a VSP voucher. The parent was most appreciative as she was having financial hardships. The teacher reported that the child no longer squints and her grades have improved!
School nurse: Sarah / daviss.cm@rrgsd.org

Iredell County

A student, age 17, grade 12 was using strings over his ears to hold his lens in place! His teacher contacted the school nurse and he received new glasses using a VSP voucher. The teacher sent the nurse a thank you letter and commented that this student beamed with pride over his new glasses!
School nurse: Linda / linda_post@iss.k12.nc.us

Lenoir County

A student, age 9 in 2nd grade had failed during a mass screening. She received glasses with a VSP voucher. This voucher helped ease the financial hardship as the student has 2 siblings and had just moved from Texas to NC.
School nurse: Wanda / whoffman@lenior.k12.nc.us

Success Stories

Alamance County

A student, age 12 in 6th grade was recommended for an eye screening from his classroom teacher. He failed the vision screening with 20/100 and 20/125! The child received glasses through PBNC voucher. The teacher is more focused on this student, reminding him to wear his glasses!

School nurse: Tracey / tracey_umberger@abss.k12.nc.us

Ashe County

A student, age 9 in 3rd grade was holding his book so close to his face the teacher noticed! After a screening from a HOSA student his acuity score was 20/80 in both eyes. Rescreening by the school nurse was same result. He received glasses with private insurance. The parents were extremely happy and the teacher noticed a difference! His grades improved and he completed his work.

School nurse: Libby / libby.matheson@ashe.k12.nc.us

Bladen County

A student, age 5 in K was screened by the school nurse. Glasses were necessary and teacher commented that his work was now legible and the learning the K objectives have improved.

School nurse: WK McDuffie / wkmcduffie@bladen.k12.nc.us

Burke County

A student, age 12 in 6th grade had broken glasses. He has special needs and was literally bumping into things he could not see. New glasses were prescribed using a VSP voucher. The parents were so grateful they sent the nurse a picture of him wearing his new glasses.

School nurse: Amanda / amandawaters@burke.k12.nc.us

Camden County

A student, age 15 in 10th grade had been wearing the same glasses for over 5 years. The student received an exam and glasses with the Healthy Eyes Program. Teacher commented that student's grades and social interaction skyrocketed! Her ACT scores improved because headaches and eye irritation were no longer a problem for her.

School nurse: Kim / khollingsworth@camden.k12.nc.us

Cherokee County

A student, age 9 in 4th grade was referred by his teacher. He received glasses with the help of Medicaid. Classroom teacher said he yelled across the room to his friend. He said to his friend, "I can see you, you have brown eyes!" He was so excited, he made the teacher cry!

School nurse: Brooke / brooke.postell@cherokee.k12.nc.us

Children's Health Insurance Plan (Health Choice)

- Income: Up to 200% of Federal Poverty Level and ineligible for Medicaid
- Covers: Exams, glasses and other medically necessary services with prior approval
- Ages: Birth to 19 years
- Information: 800.367.2229—Healthy Start
800.662.7030—Children's Health Insurance
www.nchealthystart.org
Click: resources
Click: free/low cost child's health insurance
- North Carolina Health Choice is a program for children funded by the federal government and the state of North Carolina. This program provides low-cost insurance to children whose families cannot pay for private insurance and who do not qualify for Medicaid.
- English and Spanish applications are available online or at county Health Departments and DSS offices.
- Proof of income and child's age are required.
- The same application is used for Medicaid (Health Check) and NC Health Choice programs. Determination of eligibility will be made by the Department of Social Services in the county of residence.
- This program is administered by Blue Cross Blue Shield.
- Children will be enrolled on a first come-first served basis.
- Children must have valid Social Security numbers.

Prevent Blindness North Carolina

In collaboration with local and national partners, Prevent Blindness North Carolina administers four programs offering financial resources to applicants who qualify under the specific guidelines of each program.

To apply for youth resources an individual must register as a Referring Agent and then the applications can be filled out online. Program details can be accessed via the PBNC website:

<http://nc.preventblindness.org/financial-resources>

The application will be reviewed to determine eligibility. Prevent Blindness will select the most beneficial program available.

Further information regarding these programs is available by calling 919.755.5044 or 800.543.7839.

An overview of each program follows:

Vision Service Plan (VSP) Sight for Students

- **Income:** Up to 200% of Federal Poverty Level with no Medicaid, Health Choice or vision coverage
- **Covers:** Exams and glasses, if prescribed; no contact lenses
- **Eligibility:** Child must be a US citizen with a SS# or parent must be a US citizen with a SS#. Individual taxpayer ID numbers (ITIN) are not acceptable
- **Ages:** Child must be 20 years or younger and still enrolled in school
- Financial eligibility is self-declared by parent.
- Children are eligible to use one voucher within a 12-month period.
- No cost to family unless cosmetic option is purchased.
- Services must be provided by a VSP participating provider.
- A list of providers is available online at www.sightforstudents.org
- Only VSP Choice Network providers offering Altair frames can provide services to gift certificate recipients

Who We Are And What We Do

Prevent Blindness conducts direct service screening programs, public and professional awareness campaigns and research. Our direct service programs include:

Children's Vision Screening Training Program During the 2016-17 school year, Prevent Blindness trained and certified **3,428** vision screeners in **234** workshops. Screeners conducted nearly **500,000** individual student screenings and more than **35,000** children were referred to an eye care professional for a full eye exam, diagnosis, and treatment.

Preschool Screening Program During the 2016-17 school year, Prevent Blindness offered photorefractive screenings to preschoolers in **36** counties and screened **29,882** preschoolers. Of the preschoolers screened, **3,736** were referred to eye care professionals for possible vision problems.

Adult Vision Screening Program Prevent Blindness conducts adult vision screenings at community health centers, free clinics, health fairs, senior centers, corporations, and the NC State Fair. During 2016-17, Prevent Blindness screened **5,892** adults and referred **1,214** to eye care professionals for possible vision problems or eye disease.

Sight For Students Voucher Program (VSP) This program targets "gap" children up to the age of 18 and still enrolled in school. Services include a free eye exam and eye glasses, if prescribed by a participating VSP doctor. During the 2016-17 school year, Prevent Blindness distributed **577** vouchers to North Carolina children. The average value of each voucher was **\$113** making the program value to North Carolina total almost **\$65,201**.

VSP Mobile Eyes Program The program provides free vision exams and glasses to low-income, uninsured adults. During the 2014-15 year, Prevent Blindness distributed **1,825** vouchers to North Carolina adults. The average value of each voucher was **\$152** making the program value to North Carolina total almost **\$277,400**.

Donor Docs Program Donor Docs is an all-volunteer program of optometrists and ophthalmologists across the state of North Carolina. Vision exams and in some cases, glasses are provided for uninsured children/adults who are referred for a comprehensive eye exam. During the 2016-17 year, **138** doctors volunteered to donate **447** eye exams and **308** eyeglasses to help school children and adults in North Carolina. That is an estimated value of \$75,500 worth of exam and glasses donations.

- Income: At or below US poverty guidelines
- Covers: Basic glasses with single or bifocal lenses
- Ages: Children and adults
- Information: www.new-eyes.org
- Must have had a recent exam and have no resources to pay for glasses. All other programs and organizations must be explored first.
- Applications available through participating social service agencies or a school nurse
- In order to service all applicants from North Carolina, New Eyes is establishing a new procedure specifically for residents of North Carolina. An online eyeglass retailer, Marvel Optics, has partnered with New Eyes to enable North Carolina applicants to receive new eyeglasses efficiently and quickly without being placed on a waitlist. Applicants who choose not to participate in this program will be placed on a waitlist for a traditional voucher. Waitlist times will vary from 4 weeks to 6 months depending on the demand for vouchers and New Eye's funding.
- **This resource must be accessed via a social worker.**

Eye Clinics

- UNC Department of Ophthalmology, Chapel Hill, NC
For general information, call 919.966.5296
To schedule an appointment, call 919.966.5509
- Low-cost eye exams—\$150 internal and external eye exams with dilation and prescription.
- Financial assistance for medically necessary eye surgery for people of all ages, depending on ability to pay.
- Income verification is required.
- Routine eye exams, glasses or contacts are not covered.

Eye Care America

- Income: Call 1.800.222.3937 to qualify
- Covers: Comprehensive Eye Exams with Dilation
- Ages: Adults—See Criteria Below
- Information: www.eyecareamerica.org
- Age 65 or older and have not seen an eye M.D. in three or more years may be eligible to receive a comprehensive, medical eye exam and up to one year of care at no out-of-pocket cost for any disease diagnosed during the initial exam. Volunteer ophthalmologists will waive co-payments and accept Medicare and/or other insurance reimbursement as payment in full. Patients without insurance receive this care at no charge.
- Those at increased risk for glaucoma (by age, race and family history) and have not had an eye exam in 12 months or more may be eligible to receive a free glaucoma eye exam if uninsured. Those with insurance will be billed for the exam and are responsible for co-payments. The initiation of treatment is provided, if deemed necessary by the doctor during the exam.
- Necessary services for care such as hospitals, surgical facilities, anesthesiologists and medications, are beyond the scope of EyeCare America services. The ophthalmologist is a volunteer who agrees to provide **only** services within these program guidelines.
- Some eye conditions may affect vision as though eyeglasses are needed, when actually, the medical care of an ophthalmologist is needed. **EyeCare America provides this medical eye care, only.** The program **does not** provide eyeglass prescriptions, eyeglass/refraction exams (the prescription part of exam) or cover the cost of glasses.
- Please discuss cost and scope with the doctor BEFORE the examination.
- The qualification process can be accomplished by phone at the above listed phone number or online at www.eyecareamerica.org
